INTRODUCTION

Mitsubishi Motors North America, Inc. (MMNA) wants to thank you for purchasing one of our quality products. We are committed to assuring your satisfaction with your new 2014 Mitsubishi passenger car or sport utility vehicle, hereinafter referred as "Vehicle".

MMNA also wants you to be completely satisfied and invites you to visit a Mitsubishi Motors Dealership for all your service needs, both during and after the warranty period.

APPLICABILITY

This warranty is provided to the original and subsequent owner(s) of the Vehicle, originally distributed by MMNA and originally sold by an Authorized Mitsubishi Motors Dealer in the United States, and which is registered and normally operated in the United States.

WARRANTY REPAIR ORDER

If you should have warranty service performed on this Vehicle, you are entitled to receive a copy of the repair order listing the warranty service performed. **RETAIN THESE COPIES FOR YOUR RECORDS.**

Receipts covering the performance of maintenance services should be retained in the event questions arise concerning maintenance. These receipts should be transferred to each subsequent owner of this Vehicle. MMNA reserves the right to deny warranty coverage if the Vehicle has not been properly maintained. However, denial will not be based solely on the absence of maintenance records.

WARRANTY START DATE

This warranty starts on the date of original retail delivery or original use, whichever occurs first. All references to mileage limitations are for actual odometer miles.

OBTAINING WARRANTY SERVICE

To obtain warranty service, you must return your Vehicle to any Authorized Mitsubishi Motors Dealer or Authorized Service Center where such service will be performed without charge for parts and/or labor.

OBTAINING WARRANTY SERVICE IN COUNTRIES OTHER THAN THE UNITED STATES**1. In U.S. Territories and Possessions:**

- When a Vehicle purchased in the United States is registered in U.S. territories and possessions, the Mitsubishi Motors warranty in that territory and possessions will apply.
- In the event you are temporarily traveling in U. S. territories and possessions (e.g. vacation), the warranty issued with this Vehicle will apply and warranty service will be provided by an Authorized Mitsubishi Motors Dealer in U.S. territories and possessions.

2. In Canada or Puerto Rico:

Vehicles registered in the United States, but temporarily traveling in Canada or Puerto Rico are covered by the

terms of this warranty and may be brought to Mitsubishi Motors Dealers in Canada or Puerto Rico for warranty covered repairs.

CUSTOMER SATISFACTION

At MMNA, we are proud of the quality and of the workmanship that is built into every Vehicle. We are equally proud of our corporate commitment to promote the highest possible degree of customer satisfaction with our products and services.

Today's automobiles are extremely complex and are comprised of an enormous number of individual parts. Occasionally, a problem with one of these parts can occur.

Should you experience such a problem, we are confident that you will find your Authorized Mitsubishi Motors Dealer or Authorized Service Center prepared to provide you with high quality service repairs. Every Authorized Mitsubishi Motors Dealer or Authorized Service Center has Mitsubishi-trained personnel, plus the tools and equipment necessary to provide for your various service needs.

In the event a problem arises, we ask that you follow the procedure outlined on the following pages.

Step 1: Contact the Nearest Authorized Mitsubishi Motors Dealer or Authorized Service Center:

This is the most direct and expedient way to obtain service. Authorized Mitsubishi Motors Dealers or Authorized Service Centers have the ultimate responsibility for providing the service and repairs you may need. We recommend that you contact the Dealership Service Advisor or Service Manager for assistance. In the event that you feel additional assistance is required, ask to speak to the Dealership owner. Since it is his or her business, he or she will be very interested in your continued satisfaction and patronage.

Step 2: Contact MMNA's Customer Relations Department

CALL->1-888-648-7820

After the completion of Step 1 and in the event your Authorized Mitsubishi Motors Dealer or Authorized Service Center has been unable to provide an adequate resolution, contact MMNA's Customer Relations Department.

Be sure to have your 17-character Vehicle Identification Number (VIN) available when you call.

If you choose to write us, please send your correspondence to the following address:

**Mitsubishi Motors North America, Inc.
Customer Relations Department
P.O. Box 6400
Cypress, CA 90630**

Please be sure to include your name, address and telephone number along with your VIN. The VIN can be found in the upper corner of the dashboard on the driver's side of the Vehicle and on your Vehicle's registration.

MMNA's Customer Relations Department will be prepared to investigate your concern and provide you with assistance.

Step 3: Dispute Resolution

(See "Notice to Consumers" on next page.)

NOTICE TO CONSUMERS

MMNA is committed to assuring your satisfaction with your Vehicle.

If you have a concern that is not resolved to your satisfaction, we encourage you to use Mitsubishi Motors' informal third party Dispute Resolution Process, administered by the National Center for Dispute Settlement (NCDS). While you may use the Process at any time, we suggest that you first follow Mitsubishi Motors' normal complaint handling process:

Dispute Resolution Process

First, contact your dealership to discuss your concern; if the dealer can not resolve your concern, contact MMNA's Customer Relations at **1-888-648-7820**. An MMNA regional representative will work with you to address your concern.

If you are not satisfied after contacting your dealership and MMNA's Customer Relations, and wish to pursue the matter further, submit an application (which can be found in the Dispute Resolution Process brochure located in the glove box of your Vehicle), describing your concern.

**National Center for Dispute Settlement
Dispute Resolution Process
P. O. Box 485
Mt. Clemens, MI 48046
1-866-WE-RESOLVE
(1-866-937-3765)**

There is no cost to you for submitting your application.

To file a claim, complete the Dispute Resolution Process application, which includes the following information:

- **Your name and address,**
- **Your Vehicle model and Vehicle Identification Number (VIN), and**
- **The nature of your concern.**

Once your claim is submitted, NCDS will review your request for arbitration and inform you if your concern meets the program criteria for the Dispute Resolution Process. If your concern meets the program criteria, it will be referred to an NCDS decision-maker (arbitrator) for hearing. If you requested an oral hearing, you will be contacted by an NCDS representative to arrange a mutually agreeable date and location to conduct the hearing. If you selected a three-person panel and a "documents only" hearing, NCDS will notify you of the date all your documents must be received by NCDS (Arkansas customers may choose a single arbitrator or panel regardless of format). The arbitrator or panel will render a decision on your case. You may accept or reject the decision. If you accept the decision it will be binding on MMNA. The entire process will normally take no longer than forty (40) days from the date your application is received to the date the decision is rendered.

In the event your Vehicle does not conform to MMNA's express warranty after a reasonable number of repair attempts, the federal Magnuson-Moss Warranty Act and state lemon laws permit owners to obtain a replacement vehicle or a refund of the purchase price under certain circumstances. The provisions of state laws vary from state to state.

NOTICE TO CONSUMERS

Some states require that written notification be given to the manufacturer before the consumer may be eligible for a refund or replacement vehicle. Therefore, MMNA requests that you first provide us with written notification of any such non-conformities so that we may have an opportunity to make final repairs to the Vehicle before you pursue lemon law remedies.

Please send your correspondence to:

Mitsubishi Motors North America, Inc.
Attn: Customer Relations
P.O. Box 6400
Cypress, CA 90630-0064

Please include the following information in your correspondence:

- Your name, address, and contact phone number
- Your Vehicle year, model and 17-character Vehicle Identification Number (VIN)
- The nature of your concern

IMPORTANT:

You must use the National Center for Dispute Settlement (NCDS) prior to seeking remedies through a court action pursuant to the Magnuson-Moss Warranty Act (“the Act”). However, if you choose to seek remedies that are not created by the Act, you are not required to use NCDS, although that option is still available to you. You must also use NCDS if you are seeking remedies under the “Lemon Laws” of your state if your state statute requires you to do so. Please consult the Customer Satisfaction section of this manual and the Dispute Resolution Process brochure for more information about the NCDS program.

NEW VEHICLE LIMITED WARRANTY

THINGS YOU SHOULD KNOW ABOUT YOUR MMNA ANTI-CORROSION PERFORATION COVERAGE:

REPAIRING YOUR VEHICLE

If your Vehicle is damaged and requires sheet metal repair or replacement, be sure anti-corrosion materials are applied to the parts repaired or replaced.

MAINTAINING YOUR VEHICLE

Washing:

The best way to preserve your Vehicle's finish and aid in avoiding rust is to keep the Vehicle clean by washing it frequently. Wash the Vehicle only with lukewarm or cold water. Do not wash the Vehicle in the direct rays of the sun, or use strong soap or chemical detergents. Any cleaning agents used should be washed off promptly and not allowed to dry on the finish.

Foreign Material Deposits:

Calcium chloride and other salts, ice melting agents, road oil and tar, tree sap, bird droppings, chemicals from industrial chimneys, acid rain, and other foreign matter may damage the Vehicle finish if left on the painted surfaces. Prompt washing may not completely remove all these deposits.

Additional cleaners may be needed. When using chemical cleaners developed for this purpose, be sure they are safe for use on painted surfaces.

Underbody Maintenance:

Corrosive materials used for ice removal and dust control can collect on underbody surfaces. If these materials are not removed, accelerated corrosion can occur on the underbody parts, such as fuel lines, frame, floor pan and exhaust system. Wash the Vehicle according to the instruction of the Owner's Manual, thoroughly flush these materials from the underbody with plain water. Take care to clean any areas where mud and other debris can collect.

Finish Damage:

Any stone chips, fractures or deep scratches in the finish should be repaired promptly. Bare metal will corrode quickly and can develop into a major repair expense. Minor chips and scratches can be repaired with touch-up materials available from your Authorized Mitsubishi Motors Dealer or Authorized Service Center. The cost of such repairs is considered the responsibility of the owner.

OTHER TERMS

ANY IMPLIED WARRANTY APPLICABLE TO THIS VEHICLE IS LIMITED IN DURATION TO THE LENGTH OF THIS WRITTEN WARRANTY. MMNA SHALL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES FOR BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitation on how long an implied warranty lasts, or limitations on available remedies, so the above limitations or exclusions may not apply to you. This warranty gives the owner specific legal rights and the owner may also have other rights which vary by state.

FEDERAL EMISSION WARRANTY

FEDERAL EMISSION CONTROL SYSTEM DEFECT WARRANTY

MMNA warrants to the owner of each Vehicle, (1) that the Vehicle, was designed, built and equipped so as to conform at the time of sale to applicable regulations of the National Emission Standards Act, as amended, and (2) the Vehicle is free from defects in material and workmanship at the time of sale which would cause the Vehicle to fail to conform with such regulations for a period of **5 years or 60,000 odometer miles**, whichever occurs first. MMNA additionally warrants the Engine Control Module, Transmission Control Module, Catalytic Converter(s) and Onboard Emission Diagnostic Device as Specific Components for 8 years or 80,000 odometer miles, whichever occurs first.

Any part of this Vehicle covered under this limited emission defect warranty and which proves to be defective will be repaired or replaced at no charge by any Authorized Mitsubishi Motors Dealer or Authorized Service Center, using new or remanufactured Authorized Mitsubishi Motors Parts.

The limited warranty period begins on the date of original retail delivery or original use, whichever occurs first.

This limited emission defect warranty shall not apply to parts other than Authorized Mitsubishi Motors Parts.

FEDERAL EMISSION CONTROL SYSTEM PERFORMANCE WARRANTY

Some states and local jurisdictions have established periodic vehicle inspection and maintenance (I/M) programs to encourage proper maintenance of your Vehicle.

If an I/M Program in your area has the U.S. Environmental Protection Agency (EPA) approval, you may be eligible for MMNA's performance warranty coverage under the following conditions:

- 1. The Vehicle has been maintained and operated in accordance with the scheduled maintenance instructions described in this manual and Owner's Manual provided with your Vehicle.**
- 2. The Vehicle fails to conform for a period of 2 years or 24,000 odometer miles, whichever occurs first, to the applicable emission standards of EPA, as judged by an EPA approved I/M Test.**
MMNA additionally warrants the Engine Control Module, Transmission Control Module, Catalytic Converter(s) and Onboard Emission Diagnostic Device as Specific Components for 8 years or 80,000 odometer miles, whichever occurs first.
- 3. The failure to conform to I/M test standards may result in the owner of the Vehicle having to bear a penalty or other sanctions, including the denial or the right to use the Vehicle under local, state or federal law.**

FEDERAL EMISSION WARRANTY

If all the foregoing conditions are met, MMNA warrants that any Authorized Mitsubishi Motors Dealer or Authorized Service Center will replace, repair or adjust to Mitsubishi Motors' specifications at no charge, any of the components listed below or parts thereof, which may be necessary to cause your Vehicle to conform to the applicable emission standards. Parts "Certified to EPA Standards" shall be covered by this performance warranty. This performance warranty period begins on the date of original retail delivery or original use, whichever occurs first.

NOTE:

Vehicles equipped with a California Certified Emission Control System and registered in the states of California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, Oregon, Pennsylvania, Rhode Island, Vermont or Washington are also entitled to the California Emission Warranty. (See page 21 of this manual)

- Noncompliance caused by the use of replacement parts not equivalent to original equipment parts.

Other provisions specified under the "WHAT IS NOT COVERED" section in the New Vehicle Limited Warranty are also applicable to this warranty.

THE EMISSION CONTROL SYSTEM DEFECT WARRANTY AND THE EMISSION CONTROL SYSTEM PERFORMANCE WARRANTY SHALL NOT APPLY TO:

- Conditions resulting from contaminated fuel, misuse, improper adjustments, modifications, accidents, alterations, tampering, acts of God, improper or inadequate maintenance, or failure to use recommended fuel
- The replacement of maintenance parts used in regular maintenance services
- Loss of time, inconvenience, loss of use of the Vehicle, or other consequential damages

MMNA does not authorize any person to create for it any other obligations or liability in connection with these systems. These warranties are in addition to MMNA's New Vehicle Limited Warranty for Vehicles.

THINGS YOU SHOULD KNOW ABOUT BOTH THE EMISSION CONTROL SYSTEM DEFECT WARRANTY AND THE EMISSION CONTROL SYSTEM PERFORMANCE WARRANTY

The emission control system of your Vehicle was designed, built and tested using Authorized Mitsubishi Motors Parts and the Vehicle is certified as being in conformity with applicable emission regulations.

Accordingly, it is recommended that any replacement parts used for maintenance or for the repair of emission control systems be new or remanufactured Authorized Mitsubishi Motors Parts.

THE WARRANTY OBLIGATIONS ARE NOT DEPENDENT UPON THE USE OF ANY PARTICULAR BRAND OF REPLACEMENT PART. THE OWNER MAY ELECT TO USE NON-AUTHORIZED MITSUBISHI MOTORS PARTS FOR REPLACEMENT PURPOSES. THE USE OF REPLACEMENT PARTS WHICH ARE NOT EQUIVALENT MAY IMPAIR THE EFFECTIVENESS OF EMISSION CONTROL SYSTEMS.

If other than Authorized Mitsubishi Motors Parts are used for maintenance replacements or for the repair of components affecting emission control, the owner should determine that such parts are warranted by the manufacturer to be equivalent to Authorized Mitsubishi Motors Parts in performance and durability.

FEDERAL EMISSION WARRANTY

MAINTENANCE REPLACEMENT OR REPAIR OF THE EMISSION CONTROL DEVICES AND SYSTEMS MAY BE PERFORMED BY ANY QUALIFIED AUTOMOTIVE REPAIR ESTABLISHMENT OR INDIVIDUAL USING ANY PART CERTIFIED PURSUANT TO APPLICABLE EMISSION REGULATIONS; HOWEVER, WARRANTY SERVICE MUST BE PERFORMED BY AN AUTHORIZED MITSUBISHI MOTORS DEALER OR AUTHORIZED SERVICE CENTER.

Claims under the Emission Control Systems Performance Warranty may not be denied due to the failure of a properly installed certified non-Authorized Mitsubishi Motors Part.

Receipts covering the performance of maintenance services should be retained in the event questions arise concerning maintenance. These receipts should be transferred to each subsequent owner of this Vehicle. MMNA reserves the right to deny warranty coverage if the Vehicle has not been properly maintained. However, denial will not be based solely on the absence of maintenance records.

These warranties apply only to Vehicles manufactured to United States specifications and registered and normally operated in the 50 United States or Washington, D.C.

Vehicles manufactured to other specifications or registered and normally operated elsewhere, shall be entitled to service of emission control systems on the basis of the warranty applicable to such other country or territory.

If an owner's warranty claim under the Emission Control Systems Performance Warranty is denied, MMNA will provide the owner with a written explanation of why the claim was denied within 30 days unless a shorter time period is required by law. Failure to provide an explanation within the

required period may obligate MMNA to remedy the nonconformity under the Emission Control Systems Performance Warranty except:

- When delay is requested by the Vehicle owner.
- When delay is caused by factors beyond the control of MMNA or Authorized Mitsubishi Motors Dealers or Authorized Service Centers.

FOR ALL JURISDICTIONS THAT HAVE ADOPTED CALIFORNIA EMISSION CONTROL SYSTEMS AND WARRANTY REQUIREMENT.

“CALIFORNIA” EMISSION WARRANTY

YOUR WARRANTY RIGHTS AND OBLIGATIONS

The California Air Resources Board and MMNA are pleased to explain the emission control system warranty on your Vehicle.

In California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, New York*, Oregon, Pennsylvania, Rhode Island, Vermont and Washington, new motor vehicles must be designed, built and equipped to meet California’s stringent anti-smog standards.

* Vehicle sold in New York is warranted by Federal Emission Warranty.

MMNA warrants the emission control system on your Vehicle for the periods of time listed below, provided there has been no abuse, neglect or improper maintenance of your Vehicle.

Your emission control system may include parts such as the fuel-injection system, the ignition system, catalytic converter, and engine control module. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, MMNA will repair your Vehicle at no charge to you including diagnosis, parts and labor.

MANUFACTURER’S WARRANTY COVERAGE:

1. For 3 years or 50,000 odometer miles, whichever occurs first:

If your Vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by MMNA to ensure that your Vehicle passes the inspection. This is your emission control system **PERFORMANCE WARRANTY**.

2. For 5 years or 60,000 odometer miles, whichever occurs first:

If any emission-related part on your Vehicle is defective, the part will be repaired or replaced by MMNA. This is your short-term emission control system **DEFECTS WARRANTY**.

3. For 7 years or 70,000 odometer miles, whichever occurs first:

If an emission-related part specially noted in this warranty manual with coverage for 7 years or 70,000 odometer miles is defective, the part will be repaired or replaced by MMNA.

This is your Long-term emission control system **PERFORMANCE and DEFECTS WARRANTY**.

4. For 8 years or 80,000 odometer miles, whichever occurs first, under the Federal Emission Warranty:

If an emission-related part listed in this warranty manual specially noted with coverage for 8 years or 80,000 odometer miles is defective, the part will be repaired or replaced by MMNA.

OWNER'S WARRANTY RESPONSIBILITIES:

As the Vehicle owner, you are responsible for the performance of the required maintenance listed in this manual. MMNA recommends that you retain all receipts covering maintenance on your Vehicle. Coverage will not be denied solely because there is no record of maintenance. However, failures caused by lack of required maintenance are not covered by the warranty.

You are responsible for presenting your Vehicle to an Authorized Mitsubishi Motors Dealer or Authorized Service Center as soon as a problem exists.

The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the Vehicle owner, you should also be aware that MMNA may deny you warranty coverage if your Vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact MMNA's Customer Relations Department at **1-888-648-7820** or if in California, the California Air Resources Board, P.O. Box 8001 at 9528 Telstar Avenue, El Monte CA 91734-8001.

WARRANTY START DATE:

The limited warranty period begins on the date of original retail delivery or original use, whichever occurs first.

CALIFORNIA VEHICLE INSPECTION PROGRAM:

If the Vehicle fails an emission test conducted under the Smog Check Program, it should be brought to an Authorized Mitsubishi Motors Dealer or Authorized Service Center for appropriate service. The owner will not be charged for the adjustments, repair or replacement of parts, including diagnosis, necessary to make the Vehicle pass the Smog Check test for 3 years or 50,000 odometer miles, whichever occurs first.

After the 3 years or 50,000 odometer miles performance warranty period has passed, a Smog Check test failure due to a defect in a part which is warranted for either 5 years or 60,000 odometer miles, or 7 years or 70,000 odometer miles is covered.

MMNA additionally warrants the Engine Control Module, Transmission Control Module, Catalytic Converter(s) and Onboard Emission Diagnostic Device as Specific Components for 8 years or 80,000 odometer miles, whichever occurs first, under the Federal Emission Warranty. If as the result of a vehicle inspection failure the owner elects to have the Vehicle repaired at an independent service outlet, MMNA will not reimburse the owner for service performed by the independent service outlet unless such work is deemed an "EMERGENCY SERVICE" and the repair is a covered item under the terms of the Emission Control Warranty. (See topic "EMERGENCY SERVICE").

WARRANTY SERVICE:

To obtain warranty service, the owner must return the Vehicle to any Authorized Mitsubishi Motors Dealer or Authorized Service Center where such service will be performed at no charge to the owner. In case of emergency, see EMERGENCY SERVICE instructions. If you are not notified by the dealer within 30 days that the repair is not covered under warranty, then MMNA must repair the Vehicle free of charge. In addition, the owner should take a copy of the Smog Check test printout to the dealer when obtaining warranty service.

EXCLUSIONS:

This Warranty shall not apply to failures caused by abuse, neglect or improper maintenance. Nor shall this Warranty apply to any Vehicle on which the odometer mileage has been altered so that the Vehicle's actual mileage cannot be determined. Vehicles registered in states other than California, Connecticut, Delaware, Maine, Maryland, Massachusetts, New Jersey, Oregon, Pennsylvania, Rhode Island, Vermont and Washington shall be entitled to the emission control system warranty issued pursuant to the Federal Clean Air Act.

This Warranty and any other warranties otherwise expressed under applicable California emissions laws and regulations are the only warranties in addition to the standard MMNA Warranty in the warranty statement applicable to the Vehicle, and are EXPRESSLY IN LIEU OF ANY WARRANTY OR CONDITIONS IMPLIED IN LAW PERTAINING TO EMISSION OR EMISSION CONTROLS SYSTEMS. No dealer, or any agent or employee thereof, is authorized to extend or enlarge this warranty.

DEFECT WARRANTY:

For the 5 years/60,000 odometer miles Defects Warranty, if any part which can affect emissions fails, MMNA will repair or replace it at an Authorized Mitsubishi Motors Dealer or Authorized Service Center. Any other parts damaged by the failure of a defective part will also be repaired or replaced. Listed below are some of the parts covered by the warranty. The parts shown with the asterisk (*) are covered for specific models under the 7 years/70,000 odometer miles Emission-Related Parts Warranty Long Term and additionally, the 8 years/80,000 odometer miles Federal Emission Warranty, as described on the following page. The repair and/or replacement described above will be made at no charge to the owner including diagnosis and labor. The defects warranty coverage shall apply until the first scheduled replacement point specified by MMNA for any part listed below, and shall apply for the remaining warranty period of any such part repaired or replaced under warranty. Where no replacement point is specified, the coverage shall apply for the warranty period identified under the section entitled “New Vehicle Limited Warranty” of this warranty statement.

WHAT THE OWNER MUST DO:

It is the owner's responsibility to have the required maintenance performed and use the Vehicle in accordance with MMNA's written instructions. Coverage WILL NOT be denied solely because there is no record of maintenance. However, failures or non-compliance caused by lack of required maintenance are not covered by the warranty. To avoid questions as to whether the Vehicle maintenance has been performed, MMNA urges that the owner retain all receipts and/or maintenance records¹ indicating that service has been performed on the Vehicle and these receipts and maintenance records should be transferred to any subsequent owner of the Vehicle.

SERVICE:

MAINTENANCE SERVICE CAN BE PERFORMED BY ANY QUALIFIED SERVICE OUTLET OR BY THE OWNER OR BY SOMEONE OF THE OWNER'S CHOOSING.

HOWEVER, WARRANTY SERVICE MUST BE PERFORMED BY AN AUTHORIZED MITSUBISHI MOTORS DEALER OR SERVICE CENTER, IN ORDER TO BE PERFORMED AT NO CHARGE TO YOU.

PARTS:

IT IS RECOMMENDED THAT ANY REPLACEMENT PARTS USED FOR MAINTENANCE OR FOR THE REPAIR OF THE EMISSION CONTROL SYSTEMS BE NEW OR REMANUFACTURED, AUTHORIZED MITSUBISHI MOTORS PARTS.

However, the warranty obligations ARE NOT dependent upon the use of any particular brand of replacement parts. The owner may elect to use non-Authorized Mitsubishi Motors Parts for replacement purposes. Use of replacement parts which are not of equivalent quality to Authorized Mitsubishi Motors Parts may impair the effectiveness of emission control systems.

NOTE:

“New or Remanufactured Authorized Mitsubishi Motors Parts” when used in connection with Mitsubishi vehicles, means parts manufactured by or approved by MITSUBISHI MOTORS, designed for use on Mitsubishi vehicles and distributed by MMNA or any division or subsidiary of MMNA.

WHAT IS NOT COVERED:

The Warranty does not cover:

- Malfunction in any part caused by abuse, misuse, alteration, tampering, disconnection or improper or inadequate maintenance.
- Damage to catalytic converters or oxygen sensors due to use of leaded gasoline or any additives.
- Damage resulting from fire, accident, negligence, acts of God or other events beyond the control of MMNA.
- Maintenance replacement parts (such as spark plugs) beyond the first scheduled replacement point.
- Incidental or consequential damages such as loss of use of the Vehicle, loss of time, inconvenience, expenses for gasoline, telephone, travel or lodging.
- Any Vehicle on which the odometer mileage has been altered so that actual vehicle mileage cannot readily be determined.
- Loss or damage to personal property, loss of revenue, commercial loss.
- Damages resulting from a defect in a part not designated by MMNA; see owner responsibilities stated above.

Other provisions specified under the “WHAT IS NOT COVERED” by the Federal Emission Warranty are also applicable to this warranty.

EMERGENCY SERVICE:

If emergency emission control system warranty service is required and the owner is unable to readily locate an Authorized Mitsubishi Motors Dealer or Authorized Service Center or if a warranted part is not available within 30 days, then, repairs may be performed at any available service establishment, or by the owner, using any replacement part.

MMNA will reimburse the owner for the owner's expenses including diagnostic charges for such emergency repair or replacement at MMNA's suggested retail price for all warranted parts replaced and labor charges based on the MMNA's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate. Replaced parts and copies of paid original receipts must be available for presentation to MMNA as a condition of reimbursement for these emergency repairs. In addition, the owner must provide MMNA a detailed description indicating why the situation was considered an emergency and why an Authorized Mitsubishi Motors Dealer or Authorized Service Center was not available. Additional information may be obtained by calling **1-888-648-7820**. A repair not being completed within 30 days due to the inability to obtain a warranted part or the unavailability of an authorized Mitsubishi Motors Dealer or Authorized Service Center constitutes an emergency.

THINGS YOU SHOULD KNOW ABOUT YOUR MITSUBISHI MOTORS ANTI-CORROSION PERFORATION COVERAGE

REPAIRING YOUR VEHICLE

If your Vehicle is damaged and requires sheet metal repair or replacement, be sure anti-corrosion materials are applied to the parts repaired or replaced.

MAINTAINING YOUR VEHICLE

Washing:

The best way to preserve your Vehicle's finish and aid in avoiding rust is to keep the Vehicle clean by washing it frequently. Wash the Vehicle only with lukewarm or cold water. Do not wash the Vehicle in the direct rays of the sun, or use strong soap or chemical detergents. Any cleaning agents used should be washed off promptly and not allowed to dry on the finish.

Foreign Material Deposits:

Calcium chloride and other salts, ice melting agents, road oil and tar, tree sap, bird droppings, chemicals from industrial chimneys, acid rain, and other foreign matter may damage the Vehicle finish if left on the painted surfaces. Prompt washing may not completely remove all these deposits. Additional cleaners may be needed. When using chemical cleaners developed for this purpose, be sure they are safe for use on painted surfaces.

U.S. territories and possessions (Except Puerto Rico and U.S. Virgin Islands)

Underbody Maintenance:

Corrosive materials used for ice removal and dust control can collect on underbody surfaces. If these materials are not removed, accelerated corrosion can occur on the underbody parts, such as fuel lines, frame, floor pan and exhaust system.

Wash the Vehicle according to the instruction of the Owner's Manual, thoroughly flush these materials from the underbody with plain water. Take care to clean any areas where mud and other debris can collect.

Finish Damage:

Any stone chips, fractures or deep scratches in the finish should be repaired promptly.

Bare metal will corrode quickly and can develop into a major repair expense. Minor chips and scratches can be repaired with touch-up materials available from your Authorized Mitsubishi Motors Dealer or Authorized Service Center. The cost of such repairs is considered the responsibility of the owner.

EMISSION CONTROL SYSTEM DEFECT WARRANTY

MINI MOTORS warrants to the owner of each Vehicle, (1) that the Vehicle, was designed, built and equipped so as to conform at the time of sale to applicable regulations of the National Emission Standards Act, as amended, and (2) the Vehicle is free from defects in material and workmanship at the time of sale which would cause the Vehicle to fail to conform with such regulations for a period of 5 years or 60,000 miles, whichever occurs first.

MINI MOTORS additionally warrants the Engine Control Module, Transmission Control Module, Catalytic Converter(s) and Onboard Emission Diagnostic Device for 8 years or 80,000 miles, whichever occurs first.

Any part of this Vehicle covered under this limited emission defect warranty and which proves to be defective will be repaired or replaced at no charge by any Authorized Mitsubishi Motors Dealer or Authorized Service Center, using new or remanufactured Authorized Mitsubishi Motors Parts. The limited warranty period begins on the date of original retail delivery or original use, whichever occurs first.

This limited emission defect warranty shall not apply to parts other than Authorized Mitsubishi Motors Parts.

EMISSION CONTROL SYSTEM PERFORMANCE WARRANTY

Some states and local jurisdictions have established periodic vehicle inspection and maintenance (I/M) programs to encourage proper maintenance of your Vehicle.

If an I/M Program in your area has the U.S. Environmental Protection Agency (EPA) approval, you may be eligible for MINI MOTORS' performance warranty coverage under the following conditions:

1. The Vehicle has been maintained and operated in accordance with the scheduled maintenance instructions described in this manual provided with your Vehicle.
2. The Vehicle fails to conform for a period of 2 years or 24,000 miles, whichever occurs first, to the applicable emission standards of EPA, as judged by an EPA approved I/M Test.
MINI MOTORS additionally warrants the Engine Control Module, Transmission Control Module, Catalytic Converter(s) and Onboard Emission Diagnostic Device for 8 years or 80,000 miles, whichever occurs first.
3. The failure to conform results, or will result, in the owner of the Vehicle having to bear a penalty or other sanctions, including the denial or the right to use the Vehicle under local, state or federal law.

If all the foregoing conditions are met, MINI MOTORS warrants that any Authorized Mitsubishi Motors Dealer or Authorized Service Center will replace, repair or adjust to MINI MOTORS' specifications at no charge, any of the components listed below or parts thereof, which may be necessary to cause your Vehicle to conform to the applicable emission standards. Parts "Certified to EPA Standards" shall be covered by this performance warranty. This performance warranty period begins on the date of original retail delivery or original use, whichever occurs first.

MITSUBISHI MOTORS does not authorize any person to create for it any other obligations or liability in connection with these systems. These warranties are in addition to MITSUBISHI MOTORS' New Vehicle Limited Warranty for Vehicles.

THINGS YOU SHOULD KNOW ABOUT BOTH THE EMISSION CONTROL SYSTEM DEFECT WARRANTY AND THE EMISSION CONTROL SYSTEM PERFORMANCE WARRANTY

The emission control system of your Vehicle was designed, built and tested using Authorized Mitsubishi Motors Parts and the Vehicle is certified as being in conformity with applicable emission regulations. Accordingly, it is recommended that any replacement parts used for maintenance or for the repair of emission control systems be new or remanufactured Authorized Mitsubishi Motors Parts.

THE WARRANTY OBLIGATIONS ARE NOT DEPENDENT UPON THE USE OF ANY PARTICULAR BRAND OF REPLACEMENT PART. THE OWNER MAY ELECT TO USE NON-AUTHORIZED MITSUBISHI MOTORS PARTS FOR REPLACEMENT PURPOSES. THE USE OF REPLACEMENT PARTS WHICH ARE NOT EQUIVALENT MAY IMPAIR THE EFFECTIVENESS OF EMISSION CONTROL SYSTEMS.

If other than Authorized Mitsubishi Motors Parts are used for maintenance replacements or for the repair of components affecting emission control, the owner should determine that such parts are warranted by the manufacturer to be equivalent to Authorized Mitsubishi Motors Parts in performance and durability.

MAINTENANCE REPLACEMENT OR REPAIR OF THE EMISSION CONTROL DEVICES AND SYSTEMS MAY BE PERFORMED BY ANY QUALIFIED AUTOMOTIVE REPAIR ESTABLISHMENT OR INDIVIDUAL USING ANY PART CERTIFIED PURSUANT TO APPLICABLE EMISSION REGULATIONS; HOWEVER, WARRANTY SERVICE MUST BE PERFORMED BY AN AUTHORIZED MITSUBISHI MOTORS DEALER OR AUTHORIZED SERVICE CENTER.

Claims under the Emission Control Systems Performance Warranty may not be denied due to the failure of a properly installed certified non-Authorized Mitsubishi Motors Part.

Receipts covering the performance of maintenance services should be retained in the event questions arise concerning maintenance. These receipts should be transferred to each subsequent owner of this Vehicle. MITSUBISHI MOTORS reserves the right to deny warranty coverage if the Vehicle has not been properly maintained. However, denial will not be based solely on the absence of maintenance records. These warranties apply only to Vehicles manufactured to United States specifications and registered and normally operated in the United States territories and possessions. Vehicles manufactured to other specifications or registered and normally operated elsewhere, shall be entitled to service of emission control systems on the basis of the warranty applicable to such other country.

U.S. territories and possessions (Except Puerto Rico and U.S. Virgin Islands)

If an owner's warranty claim under the Emission Control Systems Performance Warranty is denied, MITSUBISHI MOTORS will provide the owner with a written explanation of why the claim was denied within 30 days unless a shorter time period is required by law. Failure to provide an explanation within the required period may obligate MITSUBISHI MOTORS to remedy the nonconformity under the Emission Control Systems Performance Warranty except:

- * When delay is requested by the Vehicle owner.
- * When delay is caused by factors beyond the control of MITSUBISHI MOTORS or Authorized Mitsubishi Motors Dealers or Authorized Service Centers.

NOTE:

"New or Remanufactured Authorized Mitsubishi Motors Parts" when used in connection with Vehicles, means parts manufactured by or approved by MITSUBISHI MOTORS, designed for use on Vehicles and distributed by MITSUBISHI MOTORS or any division or subsidiary of MITSUBISHI MOTORS.

EMERGENCY ROAD SERVICE/TOWING

Should your Vehicle become inoperable due to a warrantable failure during the first 5 years or 60,000 miles, MITSUBISHI MOTORS will authorize the Vehicle to be towed to the nearest Authorized Mitsubishi Motors Dealer or Authorized Service Center at no charge. Contact the nearest Authorized Mitsubishi Motors Dealer or Authorized Service Center to make arrangements. Towing will not be covered if your Vehicle is driveable and driving would not pose a safety problem or cause further damage to the Vehicle. Towing will not be covered if your Vehicle is inoperable as a result of an accident, owner abuse, lack of maintenance, or driver error.

Towing beyond the 5 years or 60,000 miles limit for Emergency Road Service will still be considered a covered condition if the problem that caused the need for the tow is still covered under an applicable MITSUBISHI MOTORS warranty such as for a powertrain or emission's warranty covered component. Covered towing conditions beyond 5 years or 60,000 miles, whichever occurs first, will be reimbursed by your servicing Mitsubishi Motors Dealer or Authorized Service Center.

IF YOU HAVE ANY QUESTIONS

MITSUBISHI MOTORS and Authorized Mitsubishi Motors Dealers are vitally interested in your satisfaction with our products and service. In the event a warranty or any other matter is not handled to your satisfaction, please discuss the matter with your Mitsubishi Motors Dealer Management.

Selecting the proper maintenance schedule

There are two maintenance schedules that show proper service for your vehicle.

First is "**Regular maintenance schedule**".

Follow the Regular maintenance schedule only if none of the driving conditions in the Severe maintenance section apply.

Second is "**Severe maintenance schedule**".

Follow the severe maintenance schedule only if your vehicle is frequently driven under one or more of the following road conditions.

- Driving on dusty, rough, muddy or salt-spread roads
- Towing or police, taxi or commercial operation
- Extensive idling and /or low speed operation
- Repeated short-trip operation at freezing temperatures (engine not thoroughly warmed up)
- Extended use of brakes while driving
- Driving in sandy areas
- More than 50 % operation in heavy city traffic during hot weather above 90 °F (32 °C)

Emission control system maintenance

The “scheduled” maintenance services, listed in **bold type** must be done at the times or mileages specified to assure the continued proper functioning of the emission control system. These, and all other maintenance services included in this manual, should be done to provide the best vehicle performance and reliability.

Inspection and service also should be done any time a malfunction is suspected.

To ensure proper emission control performance, you should continue scheduled maintenance beyond the 10 year period shown, by following the same schedule pattern as for the first 10 years.

Service station checks

The following items should be inspected by either you or a service station attendant each time fuel is added:

- Engine oil level. Add if needed. Check Owner’s Manual-See index and look under “Engine Oil” for detailed information.
- Engine coolant level. Add coolant to reservoir tank along with the proper mix if needed. Replace coolant if dirty or rusty in color. Check Owner’s Manual-See index and look under “Coolant” for detailed information.
- Windshield washer fluid level. Add fluid to washer tank if necessary.
- Tire inspection. Inspect for unusual tire wear and proper inflation. Check Owner’s Manual-See index and look under “Tire” for detailed information.
